

Giant Parasols

PRODUCT
INFORMATION

These versatile Giant Parasols are made by MacSymo, the leading manufacturers in Europe.

The covers are made using top quality acrylic fabrics available in a wide choice of colourways.

Valances are optional.

When linked together the parasols can be fitted with gutterings.

An easy to operate telescopic system with an aluminium framework enables the parasols to be erected or closed when not in use.

Commercial units can incorporate logos and graphics.

Optional types of bases are available allowing for the parasols which enables them to be located in either fixed or variable locations.

Heating and Lighting Systems are also available
